Property Manager Roy Wiltshire  
Junior Coaches Under 10 Alex Vallenburg  
Under12 Dave Eldridge & Doug Ward  
(Junior)  
Under 14 Greg Archer  
Under 16 Doug Ward  
Under 18 Tristan Smith  
Junior Managers Under 10  
Under12 Sonia Ward  
Under 14 Vicky LePoidevin  
Under 16 Sonia Ward

### AFL Townsville Senior Representatives

Seniors Glen Neilson, Darren Lange, Stephen Shepperd, James Debono, Tony Fulton, Adam Kent, Luke Sypott

### Life Members:

John May	Chris Barnes
Bob Burger	Roy & Jenny Wiltshire
Lance Johns	Bob Burger
John Leahy	Scott Mitchell
Geoff Lydeamore	John Torsney
John Finn	Ray Lee

## Presidents Report: John Finn

Another season behind us and a new one about to begin! A season that promised to be one to go down into the history books, only to fall off the rails at the last bend. It certainly has been a bitter sweet season. Never the less it is a season that I will remember for many, many years to come. It is really hard to pen an annual report that has had so many high points, so where do I start? I guess at Boxing Day 2003 as I always do!

It was on Boxing Day that Glen Neilson committed to Senior Coaching position. From that point onwards I knew the club was in for a great year as Neilo was full of enthusiasm. The club had coaches for each age level except the under 10, which is a rarity at this stage of a season. Senior training started early January and with record numbers at Pre-season training it wasn't hard to imagine two teams participating in the last match in September. The Juniors commenced training in February and numbers really swelled compared to previous years. I believe this will be the trend over the next few years to a point where we will be faced with the pleasant task of fielding two teams in some of the Junior age groups.

There was a great influx of new players into the club at the Senior level it was great to see them all gel so well, you would be forgiven if you thought the players had been at the club for several seasons. This was evident with our two preseason matches against Cairns Cities and Whitsunday. The team that travelled to Cairns was the first Townsville side to record a victory against a Cairns team for many a year. The team that travelled to Arlie Beach consisted of only half the players that travelled to Cairns, but still managed to stronger than usual Whitsunday team. The highlight of the Arlie trip was the victory recorded by Kellie at Magnums.

After a gruelling pre-season Neilo had the senior team pumped and the first match against Curra saw the Doggies rip into the Swans to record an 11-10-76 to 4-6-30 victory. Unfortunately the Reserves were not as fortunate and suffered a moral sapping defeat. New Reserves Coach Ash Lucas had his work cut out for him and due to work commitments Ash was forced to relinquish his role and Brett (Whale) McRae had no hesitation to put his hand up and he took on the coaching role, his first role as coach.

From here on in the Senior team started to play some great footy but went down in the last match of the first round to Uni by 1 point. The Reserves struggled during the first round and lost every match but recovered to recorded 6 straight victories to return to the Premiership race. The Senior on the other hand won the next 10 to earn the tag of Premiership favourite. The rest is now history but the way the Senior club and the players went about season '04 was a nothing short of fantastic.

The Junior teams were also working well with the Under 12 team lead by Dave Eldridge and Doug Ward Junior sweeping all before them. The U/12 have built a strong base and with the great support of the numerous parents this team will only get better if they stick together(season 2012 already looks promising). Numbers in the under 10's were sufficient enough to enable the side to be split into under 8's so all players could get a fair run. The remaining teams were struggling on the field but numbers were also steadily growing which is what we were targeting. Junior Supporter numbers also increased over the season to a point where the Junior side of the club are nearly up and running for season '05. At the time of writing interest has been shown for coaching positions for all Junior sides and the challenge now is to recruit as many junior parents as volunteers as we can. I expect the number of Junior players to increase next season so as a club we all need to do our best to nurture these up and coming players. The U/18's will come under the Senior banner next season and as this is the first time this has happened I expect a few hiccups to start with but I believe with the coaching and support staff these players will have a seamless transition into the senior teams.

On an AFL Townsville level the club was represented at all but one meeting throughout the year and I would like to thank Karen Cahill for her support as the Clubs League Delegate. I would also like to mention the efforts put in by our Junior Representatives and Delegates to the AFL Townsville Junior Association., Greg Archer, Audra Charles and Karina Cripps who worked tirelessly not only for the Bulldogs but for the Junior Association. There are just not enough of these types of people around the club. I hope they will receive more support next season.

The club has had a great committee this season and once again it is these people who take on the thankless jobs week in and week out, season in and season out. I personally would like to thank each of you for your efforts.

Once again this season I worked in Ayr and travelled back to Townsville whenever I could. I am pleased to announce that I have secured a position back in Townsville and I hope I will be a more regular sight at the Doghouse when the sun is still in the sky!

I must once again thank my family Eva, Matthew & Deanna for their patience. They have once again only received a small portion of the pie that being the time pie. There is never enough time in a day to dedicate to everyone but we all make sacrifices for what we enjoy.

Once again I have received great satisfaction with my involvement with the Riverway Project and my report on the progress of the project will give the reader a better insight to where the club is heading.

In 2004 the Bulldogs have continued our proud association with the Australian Defence Force and season '05 has been one where I believe we have had the cream of ADF players in the Red, White & Blue of the Bulldogs. It is a given that without the Defence Force the standard of AFL in Townsville would be extremely poor. So I thank all the ADF personnel for their support of the club. We are lucky to have the cream of the crop!

I mentioned in last years President's Report I stated "*some clubs are measured in how many Premierships they win*" whilst this is important it is not the be all of everything. Our club this year has seen a bond, even though it may be in it's infancy, develop between the Seniors and the Juniors. We had a highly successful "Whole of Club" training session towards the later part of the season which was equally well supported by both parts of the club. This event will be come a regular feature of the football calendar and it can only get better. I thank all who participated in this memorable event.

As I also mentioned in last years report, for the people who put their hand up today to commit to serving the club in 2005, please make it a 365 day commitment. Season '05 will present a numerous of challenges and I honestly believe that the next time we are gathered to elect a committee for season 2006 we will have witnessed a year where the birth of a National Standard Facility is a reality and positions on the committee will be hard gain as there will be people lining up to be members of the club

I would again like to hand out some BOG Awards for season '04

- The Committee for their tireless efforts
- Congratulations to **Ray Lee** on his Life Membership Award.
- **Luke Chapman** for his tireless dedication to the Club. He is a true Champion.
- **John Torsney and his Wife**, Sharon for their work behind the scenes cleaning and maintaining the clubhouse.
- **Greg Archer, Audra Charles, Karina Cripps** and the remainder of the Junior Committee and helpers for coordinating the ever growing number of Juniors.
- **The Junior Coaches Dave Eldridge, Greg Archer, Alex Vallenburg, Tristan Smith and Doug Ward Snr & Jnr and the parents and friends who helped with the managing, water etc (Fossil, Stevo Peter Polglase)**
- All the guys and girls who help as Runners, Water boys, scoreboard attendants with a special mention going to **Nathan (Frogger) Bretherton**.
- **Haley Allen, Karen Cahill and Clare Ettiehausen** for their efforts in patching up all the wounded Bulldogs each game day.
- **Geoff Lydeamore** for his Time Keeping each Home Game.
- **Roy & Jenny Wiltshire** for their dependability both at the ground and at the **Roy-B-Q's**
- The Senior Coaches, **Glen Neilson and Brett McRae** and assistant **Coach Bill Whitburn** for all their unpaid service to the club.
- Big **WES Knight** the most Senior player at the club for his passion for the club and for footy in Townsville/Thuringowa.

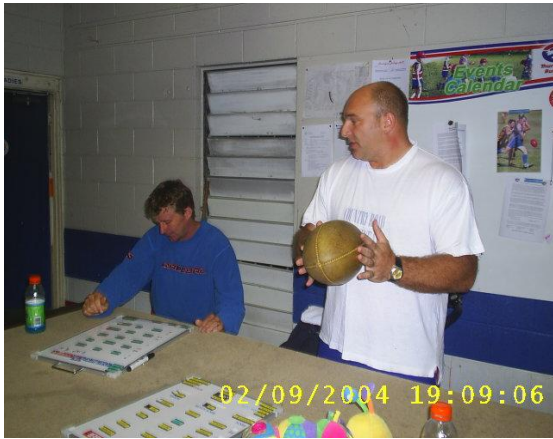

I would again like to thank all players for your blood, sweat and hard work throughout the year. Without players you simply can't play footy. I hope all players will return next season and for those who either move on or hang up their boots, thanks for the opportunity to be associated with you.

On a personal note it is hard to farewell our two coaches. I have never witnessed two coaches work as closely as Neilo & Whale have. They are two extremely dedicated gentlemen and I am privileged to have been associated with them. I know that whatever challenges they are presented with they will conquer with ease as they have the mental capacity to work through all challenges placed before them. They will and have succeeded to in their personal lives and I believe they have instilled passion and pride in all players that have worked with throughout this and previous season. I will personally miss the friendship we have developed in our short time together and I will certainly miss our post-mortems on a Tuesday & Thursday evenings.

**Football seasons last but only a few shorts months, Great Friendships last forever!!**

John Finn  
President

## "A" Grade COACHES REPORT - Glen Neilson

Whale select the Grand Final sides

Scarlet Neilson - Assistant Coach!!!

Neilo &

The season 2004 saw the emergence of interesting and impressive developments. The coaching staff, before the pre-season commenced, designed a game plan and set plays, then organised training to mirror these philosophies. During the year factors foreseen had a bearing on team performance and with hindsight, highlighted the end result. With the year completed things such as player retention and active recruiting now take precedence.

Pre-season kicked off early January. The arrival of exciting new players, the retention of the majority of 2003's senior list, and the return from retirement of some old faces increased the ability of the core senior list. Pre-season training focussed mainly on the execution of the team plan and set plays. The main philosophy of our structure was to take away the dependence of individual ability relied on in the past and by Clubs like Curra Swans. Physical fitness was broached to give variety to a long pre-season, however most civilian players were training in their own time and the defence force personal are paid to keep fit (supposable), so training consisted mainly in progressive drills designed to imitate set plays.

The culmination of pre-season was the games in Airlie Beach and Cairns. The trips were undertaken to achieve two goals.

1. Practice and evaluate team structure and game plan. Considering the personal available this was achieved to a good standard.
2. **HAVE A GOOD TIME, BUILD TEAM SPIRIT.** Those who were present can attest to the complete success of this goal. I may be wrong, because my recollection of the events in the before mentioned trips is a little hazy at best, but I think we had a good time. By the way, regardless of what you've been told, or the photographic evidence you've seen, it wasn't me.

The season proper started with a steady improvement in team structure and the arrival of additional talented personal. Numbers at training was impressive along with the quality and completion of drills. The senior side sat comfortable on top of the ladder and made up the majority of the Inter-league side.

As predicted by seasoned clubman (John Finn) the mid-year slump arrived with vengeance. The numbers at training for both seniors and reserves dropped considerable resulting eventually in the Clubs first senior loss.

The two lessons learnt were

1. Constant quality training is essential and,
2. At the very least a good performance is required by the entire side to achieve the team plan with the polish and poise required to win.

The second point would later come back and haunt me for a long time to come.

As the finals dawned, attendance at training increased; as a result the quality improved allowing the side to regain lost ground. With the increase in training numbers we were able to split up training and implement new drills to fine tune the team plan and provide new avenues to goal. Before and during the finals series training standards were at an impressive and exciting standard.

The seasons End State didn't go according to script. We were all there so I won't dwell on it. However, as stated before, the game plan required at least a good standard of play by all players on game day to succeed. The Grand Final saw too many spectators resulting in team structure to collapse. Having said this, I still maintain our philosophies were sound and if I was to coach the side in 2005 I would continue to promote the teams existing structure because it provides an exciting and dynamic brand of football that wins games.

Presentation night was in my opinion a great night. A new style of best and fairest trophies was distributed and from all reports was well received. This sort of innervation should be broadened to further distinguish our Club from the rest. By the way Marcia said I'm to never receive the President's mug again.

Now that the season and all formalities are complete, player retention and recruiting must be actively pursued. The new coach along with the secretary should maintain correspondence with 2004's playing list. Players such as Russ Scutching and Andrew Waller should be encouraged to actively recruit to maximise Defence potential. All avenues should be explored to increase civilian numbers to promote continuity within the side during Military training phases throughout the year. From the people I've spoken to, there will be a large turnover of players next year with the usual military transfers and planned retirements, recruiting is essential. The opportunity exists to poach players from other clubs (Hermit Park and Curra Swans) because of the disgruntled nature of some of their players.

As a player and Coach I have enjoyed my time at the Thuringowa Football Club immensely despite the obvious disappointments. The stalwarts of this Club are what set it apart and attribute to the good time I've had here. If I was to return to Townsville in the future I couldn't think of a finer Club to finish my football career.

Yours Sincerely,

Glenn Neilson.

## "B" Grade COACHES REPORT - Brett McRae

Report was tabled at the AGM

Below is a photograph oh Brett McRae's injured calf. "How Big are they"

"If I hear that one more time"

## Junior Report - Greg Archer

Another year gone, but this year we managed to put a trophy on the shelf, well done to Dave, Doug and the under 12's.

Again our registrations were up on last year, but we seem to have a problem with player retention and this is across all age groups. Our teams have a large proportion of first year players (nothing wrong with that) but only a few go on to play a second year. It is something we need to look at and implement strategies to overcome.

The Junior League introduced an U/18 comp this year and while there were quite a few teething problems it was considered a success and will be continued next season, although under the senior league umbrella.

In many ways season 2004 was a difficult one, the lack of volunteers was very disappointing and it left Audra, Karina and myself to do the majority of work, but the signs are positive for a change next year. We have a number of people interested in coaching roles, however at this point nothing has been decided. A parent support group (ladies auxiliary to those of us stuck in the 60's) will be formed with the primary aim of raising money, I would like to be optimistic and believe we will see a few new faces working for the club.

It is highly likely the junior league will raise affiliation fees next year and I would like to see us raise the money rather than simply increase our club fees to offset the cost.

Junior footy has come a long way in a few short years and it continues to grow. We will be conducting our own Auskick programme next year combining all schools in the area, a pre-season lightning carnival for the 10's 12's and 14's will be conducted on Magnetic Island in March and a clinic with AFL players on Feb 12/13 is in preliminary planning. A lot will happen even before the season kicks off. Add to this the much anticipated Pioneer Park Development which is now under way and you don't need to be Nostradamus to see we could be in for an exciting 2005. Enjoy your Christmas break and we'll see you in 2005

Regards

Greg Archer

# Pioneer Park/Riverway Project Report: John Finn

Having just read last years Pioneer Park/Riverway Report I pinch myself and think how far we have come, what a difference 12 months makes! This time last year the Thuringowa City Council was just about to announce funding for the development of the Riverway Project. Here we are today a little closer to fulfilling a dream that I have been fuelling for a number of years. For those who are at this years AGM all you have to do is look out the front door and witness the progress. Even though the construction work being undertaken is Stage 1 of the Riverway Project I expect to announce a proposed commencement date for Stage 2 that being the construction of the Pioneer Park Sports Precinct, in the near future.

To get to the stage we are at know has taken a considerable amount of work with many meetings, phone calls and more meetings. In the earlier part of the year I had convinced myself that we would secure funding from the State Government but alas the election promises of the Labor candidate did not come to fruition, and once again Political Promises ended on the scrap heap. I remember the day I was informed that the State Government had announced that they would not be funding the Pioneer Park Sports Complex, I was completely shattered and I came close to walking away from not only the idea of the sports complex but from the club as well. After a couple of nights sleep I gathered up enough strength to inform some of my "inner circle" confidants of the bad news. By this time I had had become more determined to do what ever I could to ensure the project would go ahead.

As things have turned out we were lucky that a Federal Election was also held this year. The Thuringowa Council were able to petition both sides of politics to secure a 3 million commitment from the Labor Candidate and 6 million from the Liberal candidate. The rest is history and Peter Lindsay the Liberal candidate won the election and his promise of 6 million towards the sports complex is now a reality.

I have had conversations with the Thuringowa Council and I have been informed that this funding will be forwarded over the next two financial years. This is not an ideal situation but a Council representative has indicated that the council will most likely contribute 3 million to ensure the sports complex is completed as close as possible to the completion of the Swimming Lagoon & Cultural Centre. So it doesn't get much better.

The next step is to secure the \$600,000 required to complete the working design drawings. Then tenders can be called, contracts let and construction can then commence. When will we see some action? If I was a betting man I would have a little on sometime in March/April. But if things don't go as I imagine it will commence sometime during season '05 and we will take great delight watching the complex rise out of the ground.

Personally I can't wait, every time I drive past Pioneer Park I gaze over to where the grandstand and clubhouse will be built and a few goose bumps appear on my arms. I hope this also happens to all the readers of this report. I believe we are all extremely fortunate to be a part of what will become an icon of the City of Thuringowa.

Throughout the next few months I, Geoff Lydeamore and Anthony Florence will be involved in many planning meetings and I will ensure a steady flow of information will be forthcoming.

There is an old saying "No pain no Gain" This will be the case over the next twelve or so months whilst construction work continues and begins, I ask that all members be patient and we will reap the rewards as "Everything comes to those who wait"

***All I can say is "BRING IT ON"***

Pioneer Park Master Plan

## TROPHY WINNERS PRESENTATION DINNER 10/09/04

### “B” GRADE

TROPHY	WINNER	SPONSORED BY	PRESENTED BY
Best & Fairest	Steven Lee	TK Tyre Power	Trevor Vaughan
